### POLICY:

It is the policy of Holyoke Health Center to provide essential services regardless of the patient's ability to pay.

### PURPOSE:

Holyoke Health Center has a system in place to determine eligibility for patient discounts adjusted on the basis of the patient's ability to pay.

### PROCEDURE:

1. Holyoke Health Center will make all reasonable effort to obtain reimbursement from third party payors — either public (Medicaid, Medicare and any other public assistance program) or private health insurance (for patients who are eligible for coverage). These third party payors will be billed on the basis of the full amount of fees and payments for such services without application of any discount.
2. Discounts are offered to patients based upon family/household size and annual income. A sliding fee schedule is used to calculate the basic discount and is updated each year using the federal poverty guidelines.
3. A completed application including required documentation of the home address, household income, and insurance coverage must be on file and approved by managed care before a discount will be granted. If the applicant appears to be eligible for Medicaid, a written denial of coverage by Medicaid may also be required. Once approved, the discount will be honored for one year, after which the patient must reapply. Adolescent patients seeking confidential care are exempt from the application process, and services are provided at the nominal rate.
4. The discount is applied as follows:
   a. Medical: The discount is applied to all essential in-office services and off-site services supplied by HHC healthcare providers.
   b. Dental: The discount is applied to all essential in-office services at all locations where dental services are available.
   c. Pharmacy: The discount is applied to all essential prescriptions following the Massachusetts Medicaid formulary criteria.
5. Based on 2015 HHS Poverty Guidelines (http://aspe.hhs.gov/poverty) the Holyoke Health Center Discount/Sliding Fee Schedule is as noted in the chart below with a Minimum Fee of $5.00.

6. The application for discount/Sliding Fee is attached as pages 4 and 5 of this policy.

7. Patients are made aware of the availability of the sliding fee discount through signage posted in prominent and accessible health center locations.

8. Waiving of Charges: in certain situations, patients may not be able to pay the nominal or discounted fee. Waiving of charges may only be used in special circumstances and must be approved in writing by Holyoke Health Center’s CEO, CFO or their designee. Any waiving of charges should be documented in the patient’s file along with an explanation of the reason (e.g., Ability to pay, good will, health event).

9. Refusal to pay: If a patient verbally expresses an unwillingness to pay or leaves the health center without paying for services, the patient will be contacted in writing regarding their payment obligations. If the patient is not on the sliding fee schedule, a copy of the sliding fee discount program application will be sent with notice. If the patient does not make an effort to pay or fails to respond within 60 days, this constitutes refusal to pay. At this point in time, Holyoke Health Center will explore options including but not limited to offering the patient a payment plan, waiving of charges, or referring the patient to collections.

Approved by the Board of Directors at its meeting on March 27, 2015.
